Name _____ Date _____

Add 3-Digit Numbers

Grade 3 Addition Worksheet · C

MATH WORDS

addend a number that is added

sum the answer when you add numbers

regroup trade 10 ones for 1 ten, or 10 tens for 1 hundred

STEP 1 Find each sum.

No regrouping

1. 153 + 534	2. 102 + 407	3. 324 + 551	4. 171 + 205

STEP 2 Find each sum.

Regroup once

5. 155 + 793	6. 291 + 177	7. 632 + 139	8. 474 + 407

STEP 3 Find each sum.

Regroup twice

9. 655 + 246	10. 469 + 487	11. 329 + 179	12. 841 + 159

STEP 4 Solve. Write your answer on the line.

Word problem

13. There are 155 red beads and 686 blue beads in a box. How many beads are in the box in all?

Answer _____

Name _____ Date _____

Add 3-Digit Numbers

Grade 3 Addition Worksheet · C ANSWER KEY

MATH WORDS

addend a number that is added

sum the answer when you add numbers

regroup trade 10 ones for 1 ten, or 10 tens for 1 hundred

STEP 1 Find each sum. — No regrouping

1. 153 + 534 = **687**
2. 102 + 407 = **509**
3. 324 + 551 = **875**
4. 171 + 205 = **376**

STEP 2 Find each sum. — Regroup once

5. 155 + 793 = **948**
6. 291 + 177 = **468**
7. 632 + 139 = **771**
8. 474 + 407 = **881**

STEP 3 Find each sum. — Regroup twice

9. 655 + 246 = **901**
10. 469 + 487 = **956**
11. 329 + 179 = **508**
12. 841 + 159 = **1,000**

STEP 4 Solve. Write your answer on the line. — Word problem

13. There are 155 red beads and 686 blue beads in a box. How many beads are in the box in all?

Answer **841**
